**Ruth Jeffery - Guest Speaker  
Who Needs a Steady Job?**

I started off to summarise Ruth's bio to fit this space and found there was simply no way I could do that and do it justice.

Growing up on the Crown Terrace her diverse academic achievements, as a global nomad, are impressive enough let alone her continuing study here in New Zealand.

The only tenuous link between her early years and now is that they both involve seeing through people.

Literally, back then and metaphorically now.

If you want to make sense of that comment be there on the 18<sup>th</sup>.

By running the odd marathon, or 20, Ruth maintains a work life balance that would leave the rest of us breathless. I have not met her but she is clearly someone with boundless energy and curiosity and I am keen to hear what motivates her.
