

One Way.....

WHAT IS U3A?

Beginning in France in the mid seventies, the U3A movement has now spread to most countries and has now many hundreds of thousands of members.

U3A is a response to the idea that human life is divided into three periods:- firstly, childhood and schooling; secondly, child rearing and work; and thirdly, retirement.

The Third Age is seen to provide the greatest opportunities for learning and understanding because it is during this period of retirement that the idea of a university as a community of those who seek greater understanding through learning can be put into practice.

The unique characteristics of U3A

- Learning topics are selected by members.
- In-depth courses are planned by members.
- Presenters / Facilitators are often local people or members.
- The company of others who enjoy learning is ensured.
- The atmosphere for learning is informal and friendly.
- There are no examinations.
- There are no compulsory activities.
- Courses take place in daylight hours.
- Costs are kept to a minimum.

U3A Invercargill was formed in 2002

Roads from Home

2016 Series 4

Five home grown offspring return to share memories of growing up here, in the deep south, and the roads they have travelled up until now.

June 10 to July 8

..... Or The Other

Venue: Windsor Community
Church Hall Windsor St.
Time: 10 a.m.
Cost: \$15 per person

Roads from Home

Session 1 Friday June 10

Presenter: Tina Nixon

20 Years down 20 Roads

Began here as a journalist with the Southland Times and then, in 1998, after this that and the other, jumped in the deep end by becoming press secretary to Nic Smith. The next 20 years have been spent mainly as a Public Affairs Counsel for both public and private organisations. Most recently worked for CERA for 3 years. Based now in Masterton with annual visits south to the Muttonbird Islands.

Session 2 Friday June 17
Presenter Beverley Forrester

Is a devoted and active member of Rural Women of New Zealand. In her book: The Farm at Black Hills Beverley, against the backdrop of pioneers who established farms and sheep stations in North Canterbury, describes her life after joining the long established family she married into. Beverley is on the board of the Canterbury A & P show and is in demand as a sheep judge. Thanks to Beverley Black sheep have taken their rightful place.

Session 3 Friday June 24

Presenter: Lucy Griffiths

Lucy is a passionate foodie who works with small to large companies helping them sell their products locally and globally. In 2014, as a Nuffield NZ scholar, she studied sheep milk farming and marketing worldwide. From a local farm, educated at J.H.H.S. and now living in Masterton, Lucy markets food through her consultancy business and appeared, recently, as a Masterchef finalist.

Session 4 Friday July 1

Presenter: Alan Herbison

Fertility Starts with a Kiss

Educational journey: S.B.H.S., Universities of Otago and Cambridge before returning to Dunedin. The focus of much of this study has been on how fertility is controlled by the brain. Infertility has become a silent epidemic in N.Z. with 1 in 4 now struggling to have children. My talk will outline the choices influencing my career path and provide an overview of how the brain controls puberty and subsequent fertility. Kisspeptin, a new molecule, may be the key?

Session 5 Friday July 8

Presenter: Prof. David Frame
School of Geography Environment
and Earth Sciences V.U.W.

Studied physics, philosophy and policy. Research focus the interface between climate science and policy. Has published widely and been a member of a NZ Treasury Policy Coordination and Development Group.
