Entry Requirement: Masks must be worn.

Series 5

The Problems of Climate Change

Session 1: Friday 29th July

Presenter: Mike Burrell

The Business of Climate Change

Mike is the Executive Director of The Sustainable Business Council, and he will discuss how some NZ Companies are organising themselves to transition to a zero-carbon economy.

Session 2: Friday 5th August

Presenter: Professor Abby Smith

Bugs in Bubbles

Abby works within the Department of Marine Studies at the University of Otago. She has been involved with a Ministerial Committee on Ocean Policy. She will describe the relationships between increasing CO2 levels and ocean acidification and its affects on sea life. **Note: Talk starts at 10:30am**

Session 3: Friday 12th August

Presenter: Professor Janet Stephenson

A Safer Future. Covid, Climate Change and Our Children

Janet is a Research Professor at the University of Otago Centre for Sustainability, she will outline the risks posed by Climate Change, and how we can minimise these.

Session 4: Friday 19th August

Presenter: Dr Pete Russell

The Effects of a Warming Climate on the South Pacific

Pete is a Research Fellow in the University of Otago Physics Department, he will discuss the effects of a warming climate, such as ice melt, sea level rise and sea temperature on the South Pacific.

Session 5: Friday 26th August

Presenter: Professor Derrick Moot

Adapting Farm Systems to Climate Change

Derrick has worked for many years at Lincoln University on ways of adapting farm systems to climate change. He will discuss the science underlying ways to future proof our NZ farming systems.
