

WHAT IS U3A?

Beginning in France in the mid seventies, the U3A movement has now spread to most countries and has now many hundreds of thousands of members.

U3A is a response to the idea that human life is divided into three periods:- firstly, childhood and schooling; secondly, child rearing and work; and thirdly, retirement.

The Third Age is seen to provide the greatest opportunities for learning and understanding because it is during this period of retirement that the idea of a university as a community of those who seek greater understanding through learning can be put into practice.

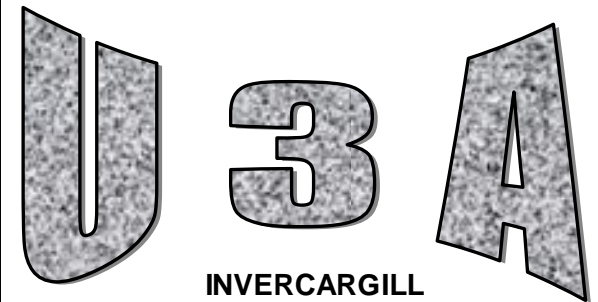

The unique characteristics of U3A

- Learning topics are selected by members.
- In-depth courses are planned by members.
- Presenters / Facilitators are often local people or members.
- The company of others who enjoy learning is ensured.
- The atmosphere for learning is informal and friendly.
- There are no examinations.
- There are no compulsory activities.
- Courses take place in daylight hours.
- Costs are kept to a minimum.

U3A Invercargill was formed in 2002

INVERCARGILL

THE UNIVERSITY OF THE THIRD AGE

Roads from Home

Four of Southland's sons and daughters take the road back home to share memories of growing up in Invercargill and to describe the roads they now explore.

2014 Series 6

October 17 to November 14

Venue: Windsor Community
Church Hall Windsor St.
Time: 10 a.m.
Cost: \$15 per person

Roads from Home

Four Southlanders return to describe some roads now taken.

Session 1 Friday October 17 Presenter Phillip Lucy - Wellington

Phillip's road has led him to the advertising industry. His talk will demonstrate how the media convinces us to buy things we do not really want.

Session 2 Friday October 31 Presenter Tim Deaker - Queenstown

Tim will share some memories of growing up in Windsor – the suburb not the castle!
His career as a viticulturist is the main topic he will talk about.

Session 3 Friday November 7 Presenter Justine Cavanagh - Dunedin

Justine's training as a medical radiation technologist took her to Dunedin, a place she now calls home.

Justine will describe the areas of C.T. and Nuclear Medicine. She will also share images of some common ailments and discuss a number of interesting cases.

Session 4 Friday November 14 Presenter Glenda Weston - Wellington

Glenda shuns the main roads. She prefers Slope Point and the back beach at Riverton on a wild day when the kelp is riding high and the light changes.

Her career as a voice and communications coach means that she never knows where the road will take her.
