The Problems of Climate Change

Session 1 Friday Aug 27 Presenter: Dr Pete Russell The Effects of a Warming Climate on the South Pacific

Pete is a Research Fellow in the Physics Department UoO. He has interests in many aspects of Oceanography, water flows and fresh and estuarine processes.

Session 2 Friday Sep 3 Presenter: Jeremy Reeves The Effects of Climate Change on Invercargill's core infrastructure

Jeremy is the Engineering Services manager for the I.C.C. He will discuss the climate change effects on such things as stormwater, wastewater, and water supply and how engineers are working to deal with them.

Session 3 Friday Sep 10 Presenter: Prof. Abby Smith Bugs in Bubbles

Abby will describe the relationship between increasing CO₂ levels and acidification of the ocean and its affects on sea life. More.....

..... Abby has worked in the Dept of Marine Studies UoO. for about 30 years. She has been involved with Ministerial Committee on Oceans policy and related groups.

Session 4 Friday Sep 17 Presenter: Prof. Janet Stephenson A Safer Future: Covid, Climate Change & our Children

Janet will outline the risks we face from climate change and how we can minimise those risks.
Janet is a Research Prof. at the centre for Sustainability at UoO. She is particularly interested in transition to a low carbon future.

Session 5 Friday Sep 24 Presenter: Dr Mike Burrell The Business of Climate Change

Mike will discuss how some NZ Companies have organised themselves to accelerate the transition to a zero - carbon economy.
Mike is the Executive Director of the Sustainable Business Council.

Session 6 Friday Oct 1 Presenter: Assoc. Prof. Sara Walton Low Carbon Economies

Sara works in the Department of Management UoO. She will discuss low carbon economies and how we can mitigate and adapt to climate change.
Sara is involved with many Otago Businesses in finding ways to ensure a sustainable future.
