

U3A INVERCARGILL ANNUAL REPORT 2019

The annual report for the year 2019 covers the period from May to December 2019 due to the fact that we have changed the financial year to report on the year ending in December.

Once again the committee has worked together to keep the group running smoothly each Friday and to produce some excellent series and individual speakers. There is a lot of effort put into organizing each series and also of course the brochure which is timely produced ahead of each series. I therefore thank the committee for all their efforts prior to, during and after each series.

We had series covering the following subjects during the period:-

What is happening to our health service?

Surveying

Aspects of the law

From where to here?

Roads from home

The history of medicine in art

Due to the requirements of Windsor Community Church (our meeting venue) we had to get Public Liability Insurance cover arranged during the period and members can rest assured that we are now covered.

Attendance to meetings has averaged 80 during the period covered. With membership based on 130 there is a reasonable short fall each week. With this in mind any member who cannot or does not wish to attend regularly may wish to consider resignation to allow others to join our group and enjoy the various series on offer.

Members may have thoughts on subjects they wish considered as a series, if so please bring it up with a committee member and I am sure it will be brought to fruition. Or even better volunteer for the committee and arrange your own series.

Thanks for all your support and once again us having a successful year.

**John Henderson
President**
